AIA Flint

February 6, 2017

The American Institute of Architects- Flint Chapter is pleased to announce it has established a scholarship for graduating high school seniors pursuing an education and career in architecture, as well as for continuing college students enrolled in an architecture program.

The AIA Flint Architecture Scholarship Fund was established to encourage and assist students graduating from high schools in the Flint Chapter region (Genesee, Shiawassee, and Lapeer Counties) and existing college students to pursue a professional degree in architecture at a college or university with a NAAB accredited architecture program, or an associate degree in architectural technology. The fund is administered by the AIA Flint Chapter of the American Institute of Architects.

The American Institute of Architects- Flint has over 40 architect, associate, and affiliate members. Our mission is to illuminate the profession of architecture through advocacy, public outreach, education, fellowship, and recognition of design excellence. Our members work with each other and their communities to create more valuable, healthy, and sustainable buildings and neighborhoods.
